The book is divided into three parts. The first part examines the origins of the idea of Europe. The author argues that the idea of Europe emerged in the early modern period, as a way of distinguishing Europe from the rest of the world. This idea was shaped by a number of factors, including the rise

of Christianity, the development of trade and commerce, and the growth of nation-states.

The second part of the book examines the role of great powers in shaping the idea of Europe. The author argues that great powers have played a central role in defining the boundaries of Europe, and in shaping the political and cultural identity of Europe. This section of the book provides a detailed analysis of the role of France, Britain, Germany, and Russia in shaping the idea of Europe.

The third part of the book examines the impact of the idea of Europe on great power identity. The author argues that the idea of Europe has had a profound impact on the identities of great powers. This section of the book provides a detailed analysis of the impact of the idea of Europe on the identities of France, Britain, Germany, and Russia.

Great Power Identity and the Idea of Europe is a well-written and thought-provoking book. The author provides a nuanced and sophisticated analysis of the relationship between great power identity and the idea of Europe. This book is a major contribution to the study of international relations and great power politics.
