A Literary Masterpiece That Resonates with Raw Emotion and Powerful Imagery

If a writer calls you their muse,
It can only be for one of two reasons.
Either they loved you deeply
and you loved them as much in return,
or they loved you very deeply
and you broke them.

If it is the first, consider yourself lucky
for having such a rare gift.

If it is the second, do not be flattered.
They are writing you to death.

This is just how they cope with having
a heart that betrays them.
