Synopsis

As a deadly virus sweeps across the globe, a glimmer of hope emerges amidst the chaos. Noah's Ark, a state-of-the-art medical facility, becomes humanity's sanctuary. However, within its sterile walls, sinister secrets lurk, threatening to unravel the fragile threads of survival.

Dr. Ethan James, a brilliant epidemiologist, races against time to unravel the mysteries of the contagion and develop a cure. But as he delves deeper into the darkness, he uncovers a conspiracy that could shatter the very foundations of society.

Accompanying Ethan on this perilous journey is a diverse cast of survivors, each with their own unique motivations and hidden agendas. From the skeptical nurse to the desperate father, they form an uneasy alliance, united by their determination to outwit the deadly pathogen and safeguard the remnants of humanity.

Review

"Noah's Ark Contagion is a gripping and thought-provoking novel that explores the depths of human nature in the face of unimaginable adversity.

The characters are well-developed and relatable, and the plot is expertly paced, keeping the reader on the edge of their seat from start to finish. A must-read for fans of apocalyptic fiction and anyone fascinated by the fragility of civilization." - Publishers Weekly

About the Author

John Smith is an award-winning author with a background in medicine and journalism. His passion for storytelling and his firsthand knowledge of the challenges faced by frontline healthcare workers inspired him to pen Noah's Ark Contagion.
