In *Unpredictable Risk*, former CIA analyst and New York Times bestselling author Mark Mazzetti reveals the hidden threats facing our world and shows us how we can prepare for them.

Mazzetti draws on his years of experience in the intelligence community to paint a vivid picture of the threats we face today, from terrorism and cyberattacks to climate change and pandemics.

But *Unpredictable Risk* is not just a litany of threats. Mazzetti also offers a path forward, showing us how we can work together to mitigate these risks and build a more resilient world.
